

About our Newsletter

We will use this newsletter to keep you informed of important and interesting news and information about Home Care Packages.

We welcome your feedback on how we are meeting your needs, how we can improve our existing services and any suggestions that you may have for new services.

Home Care Packages

The May Budget has come and gone however the increases in Home Care Package funding levels that we were expecting did not eventuate. The Government did announce that they would be releasing an additional 14,000 packages over the next few years.

If you are waiting for an upgrade to your level, now is the time to call MyAgedCare 1800 200 422 or call our team for further information.

Unspent Funds

Many of our Home Care Package clients have significant amounts of "unspent funds" in their budgets. Unspent funds is the balance of the money paid to Bannister that you have not used.

The Government is considering recommendations to recover unspent funds from care recipients. If you have unspent funds, perhaps you should be thinking about spending these on things that will make your life easier at home.

Give us a call if you would like to discuss options. **9052 5634**

Bannister In Home Care Maintenance

Do you have any small jobs around the house that you would like to take care of such as leaky taps, install a shower rail, lawns mowed, tidy up the yard, etc.? Do you know that, in most circumstances, you can get these jobs done using your package funds.
